

**Term 3 Core Value: Stewardship**

**School Rule:** Be prepared

**Respectful Relationships Focus:** Share your things with someone who doesn't have something

Dear Parents

Learning takes many forms in many places, not just in a classroom at a desk. This week has been an example of the engaging experiences our children are involved in as part of their learning.

### **Book week parade - Wednesday**

Congratulations to the children (and mums and dads!) on the innovative costumes and 'words' for our dress up parade. We have been focussing on vocabulary for the past 2 years and the parade helps our children to share the rich language we are learning.

Thanks to our librarian Fran Jones for her organisation and ideas for the parade.

Thank you also for your support of the book fair by purchasing books for your children- happy reading! Please see Mrs Jones report and some photos from the day later in the news.

### **Project Feathertail Glider**

This is a full term of work for the year 3&4 classes covering concepts in the Science & Tech, English and Geography curriculums. On Tuesday the children went to Attunga reserve at Newport to plant native trees in the natural habitat of the gliders. They learnt about protecting and restoring native habitats in general for many native animals.

Next week they will work with their Mater Maria High School student buddies in small groups on their project to raise awareness in the community about the Feathertail gliders.

This learning project is community based and authentic to the children as they try and solve a 'real world' issue. They are very excited about their work and looking forward to the expo of their projects on Friday 20<sup>th</sup> September at Sacred Heart School Mona Vale.

### **Band Performance evening coming up! - Wednesday 4th September**

All children in bands, Year 1 recorder group and choir will perform at our annual Concert evening.

Monique will communicate with band and recorder parents re: instructions for the evening. The school has sent an email on behalf of Mr Warby, our music and choir teacher re: the choir performance. (Please see link later in the newsletter). **The evening begins at 6.30 pm, finishing at 8pm.**

However, children must be at the front playground by 6pm to be organised and in places. Parents will be able to enter the hall from 6.20pm. The choir and Year 1 recorder groups will perform early in the program. The expectation is that all children, performers and parents stay for the whole program, however if your child is in K-2 and has completed their item, we will pause the program at 7pm for those who need to leave and put them to bed on time. This will be at one time in the evening only, please do not leave during other performances.

### **P&F news- Meeting Monday 26th August at 7.30pm**

Please see president Mark Page's invitation to the general meeting next Monday night and a reminder to fill in the survey about fundraising.

### Learning every day counts campaign

Did you know that missing 2 school days per month adds up to missing a year of school over 13 years? **Learning Every Day Counts** is a diocesan initiative that aims to assist in improving student attendance at school through a shared commitment by students, families, schools and the community.

The Learning Every Day Counts initiative promotes four key messages:

1. All children of compulsory school age (6-17 years) should be enrolled at school and attend every school day
2. Schools should promote, monitor, communicate and implement strategies to improve and maintain regular school attendance
3. Missing days of school impacts on a students' learning, wellbeing and future employment and life choices
4. Supporting good attendance at school is the responsibility of everyone in the school community.

The CSO has organised some parent workshops which will have a wellbeing focus and will address school attendance matters such as, good routines and strategies, developing resilience and a growth mindset in children/adolescents. Please go to this [link](#) for details of the parent workshops in our cluster, and the see further information on the CSO website [here](#).

The following short video addresses the issue: <https://vimeo.com/343112821>
