Brain Break Activities -

- Check out the animals at the zoo - <http://zoo.org.au/animal-house>

English Activity

Watch the BTN news break. Watch Episode 9 Take notes whilst watching the newsbreak. Pick one article you enjoyed and write a summary. Make sure you include all the important parts in your summary.

<https://www.abc.net.au/btn/classroom/>

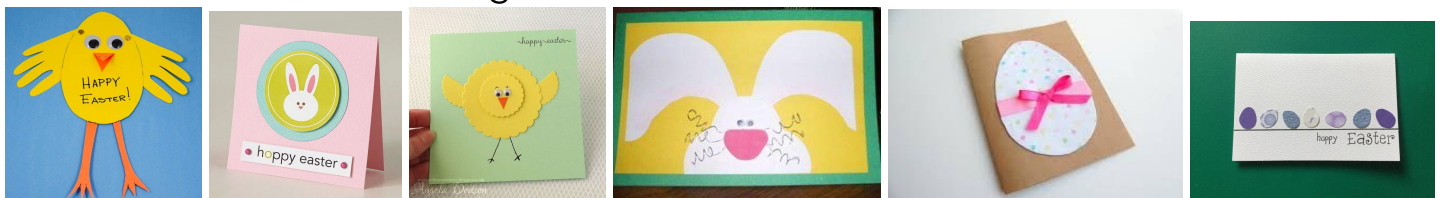

Post your summary on the post on Google Classroom.

Religion Activity

See the attached powerpoints on how to celebrate Easter/Holy Week at home with your Family.

Creative Arts

Make an Easter Card for your parents and/or grandparents. If possible, you could mail it to them! Check out the images below for ideas.

Maths Activity

Digits in a Square

Each square in the diagram below contains a single digit, not 0.

Fill in the square so that

- i the digits in each row add to the number at the end of the row;
- ii the digits in each column add to the number at the base of the column;
- iii the digits in the two diagonals add to the number at the end of each diagonal.

Geography

Create your own episode of BTN on the topic-

What was the impact of bushfires in Australia over the Summer?

You must first write a script and storyboard for the episode. You must select three main sources of data (e.g. a map, the impact on humans in visual representation etc.). You can dress up as a news reporter. If you have a green sheet or wall use this to drop yourself into a different location.

Use Imovie to film your episode. There is a template newsbreak trailer on Imovie that you can use to create your BTN Newsbreak. You can even dress up for this movie if you'd like. If you can't access Imovie try and record your episode as a podcast or voice recording.

Film your BTN episode on Imovie and upload it to your google drive. Share this with your teacher and she will post it in your classroom.

Enjoy!

If you have any questions - email your teacher.

Remember this is a guide, only do as much as you can!
